1. Player Names will be listed until a **Formal Petition for Removal of Name from Midwest Pool Tournament Masters and / or Intermediate List** is submitted by the player and reviewed by the Midwest Pool Association. (At least three years of participation) Petition forms are available from any Midwest Operator Member and must be filed with the Midwest Association by December 31 prior to the tournament.
2. These Player Lists are not all inclusive as the Midwest Pool Association retains final discretion, in all cases, in placement of individuals of known ability into Masters and Intermediate Divisions.
3. A player who is named on the Open Team or Womens Team Masters / Intermediate List or is playing in either Team Masters / Intermediate Division **will not automatically be placed** in Master / Intermediate Singles (unless they qualify as a player of known ability).
4. Players listed as Intermediate Singles can volunteer to play Masters but cannot play Regular singles division. Players not named on Masters or Intermediate Singles List can voluntarily play any level, unless they are considered "players of known ability."
